

## How to register your ThoughtBox discussion group.

**Congratulations on starting up your own discussion group. Now it's time to register your group with ThoughtBox!**

### **By registering you will:**

- Be showcased on our website
- Be able to send in articles about discussions or forums you hold within your school
- Be linked up with other discussion groups across the UK and within our partner schools in Tanzania

### **To register, simply email ThoughtBox with the following information:**

1. The name of your discussion group
2. The name of your school, your address and a contact email (either a member of the discussion group or a teacher's email will be fine)
3. A photograph of your group – maybe you want to hold up a sign with the name of your group
4. A list of your group members
5. Either a list or a quick write up of some of the topics you have discussed so far
6. Anything else you would like to share with **ThoughtBox**

Send your email to: [info@thoughtboxeducation.com](mailto:info@thoughtboxeducation.com)
