

Are you part
of society if
you don't
have a home?

Take it further:

THINK

What curiosity questions can you ask?

e.g. What is a society? What society are you part of? Why do we live in societies or communities? Why do some people not have a home to live in?

FEEL

How might different people feel about this?

e.g. How does it feel to be left out of a group or community? How might it feel to not have a home or safe place to go to? How might it feel to not have supportive people around you to help you when you need?

CONNECT

What links can you start to make?

e.g. Why do some people have to leave their homes? Why are some communities more welcome to outsiders and strangers than others?

Activity ideas:

1. What does it mean to belong? Take a blank piece of paper and find an old magazine or newspaper. Thinking about the word BELONGING create a collage of words, images, shapes, colours and ideas that you reflect on when thinking about belonging. You can also paint a picture or write a poem if you prefer.
2. If you were to leave your home, what three things would you take with you to remind you of home? They can be objects, people, sights, sounds and scents or even memories!
3. Watch and read the short story called The Journey about a family leaving home and travelling away from their society and community:
[The Journey - by Francesca Sana](#)
4. Why do you think some people don't have a home? Think about and talk about some of the reasons that people across the world may be living without a home. How might it feel?
Close your eyes and imagine someone living without a home and speak out loud some of the thoughts and feelings you may have.
